Step 4

ORDERING

- To order, simply add number of units you require in the box and click 'Add'.
- This can be done from the initial product list or by clicking on each product image, which brings up the further details page.
- If a product comes in different variations they will be shown on the details page.

Step 5

Product Information

- Clicking on the product image will give you a more detailed information, including codes, sizes, stock availability etc.
- You can mark items as favourites making it easier to find for next time you log in.

QUICK ORDER

- An alternative way of placing an order is to use 'Quick Order'. You can quickly add products to your basket.
- Go to the home page and click 'Quick Order', this will take you to a 'Fast Lines' page.
- Simply enter the product/SKU reference and quantities in the free text box or copy and paste from Word or Excel and it will automatically add these items to your basket.

Fast Lines

You can enter stockcodes and quantities from a document (such as Word or Excel). This means you can add items to your document and then copy and paste them into the fast lines box in one go.

Copy and paste your text below:

There are three ways to add multiple fast lines to your order:

1. Comma delimited - examples:

Item number, Quantity
03316,1
03317,2

2. Tab delimited - examples:

Item number <tab> Quantity
03316 <tab> 3
03317 <tab> 4

3. Without quantities - examples:
(default quantity of 1 set for each line)

Item number
03316
03317

Remember that there is no 'back' or 'undo' function once you have submitted the lines.
